Coronavirus Update

Dear business partner,

We would like to share with you the latest information about safety measures related to the coronavirus and their possible impacts on transport operations.

For detailed information about the impact of coronavirus restrictions by **transport mode** and **country**, please go to www.cargo-partner.com/covid-19/

As of today, our colleagues in the following locations are working with minimum staff in the offices, with most colleagues working from home: **Europe, Cambodia, India, Malaysia, Myanmar, Pakistan, Singapore, USA, Vietnam**. Our colleagues in **Taiwan** and **Thailand** are at the office on roster basis, with 50% of staff working from home.

All cargo-partner operations departments worldwide are functioning normally and we have made all necessary preparations to ensure continuous business operations without interruptions. **Our colleagues working from home can be reached as usual by email and mobile phone.**

Are you looking for ways to circumvent **flight suspensions**? Make use of our flexible **rail transport** and **air charter** solutions: [Click here to find out more.](#)

cargo-partner is taking comprehensive preventative and proactive measures to ensure the protection of our employees' **health and safety**.

We continue to monitor the situation very closely and will keep you updated on a regular basis. **The latest information is always available on our website: www.cargo-partner.com.**

If you have any questions, please do not hesitate to get in touch with your local contact person.

Best regards,
Your cargo-partner Team
