Case Study SunnyBAG

“

Our cooperation with cargo-partner is just like our products: easy, efficient, and exceeding all expectations. Even during peak times, we can rely on cargo-partner for the timely shipment of our goods.

[Philip Slapar – CSO/Shareholder, SunnyBAG GmbH]

”

Intelligent Logistics for Innovative Products

Company: SunnyBAG GmbH

Industry: High Tech & Electronics

Services provided by cargo-partner:

Sea Cargo, Road Transport,

Contract Logistics, Value Added

Services, Supply Chain Management

Company Profile

SunnyBAG is a young company based in Austria and specializing in the development and distribution of solar products for mobile devices like smartphones, tablets, drones and cameras. The company's products range from solar leather bags to solar backpacks and flexible solar panels for outdoor activities.

Initial Situation

SunnyBAG required a competent and trustworthy logistics provider to handle the storage, picking and packing and delivery of its products. One especially important requirement consisted of managing the increased order volumes during the holiday season while maintaining cost-efficient operations.

Solutions

SunnyBAG has been cooperating with international transport and info-logistics provider cargo-partner since 2012. By making use of its highly developed logistics systems, cargo-partner ensures the availability of appropriate cargo space, flexible picking and packing services, and timely delivery. No matter whether national or international, individual consignments to private customers or comprehensive shipments to corporate partners: Based on its long-standing expertise, cargo-partner's staff takes care of the reliable and efficient coordination of any order volumes.
