

SPEED SERVICE LEVELS - SEA LCL / FCL

With our range of Speed Service Levels, we offer flexible service packages tailored to your needs. Our **ECONOMY** service is the most cost-effective option, providing competitive vessel departures and transit times. In addition, we offer **PRIORITY** service

with dedicated space on weekly departures. For highly urgent shipments, make use of our tailor-made **EMERGENCY** solutions where we utilize all available transport modes to achieve the fastest and most reliable service.

Your Requirement	most cost-effective option	fastest possible transit time	when every second counts
Processing Service	next available time slot	preferential handling	immediate processing
Tracking Service	tracking via online platform	proactive status updates	continuous supervision
Performance	consolidation service / regular schedule	first capacity access	just-in-time solution
